

01:01:33 Dana Pursley-Haner: Dana Pursley-Haner from Sherman County Oregon

01:01:48 Louis Gonzales: What was your most significant take away from the last learning session?

01:02:02 Wanda Bauer: One of the biggest topics around in Mental Health, can we cover some of that?

01:02:53 kathyshear: I am a member of Tilden Volunteer Fire Department - Chippewa Falls, WI - wondering what I am getting myself into?

01:04:07 Jeremy Kelly: DeVos Children's: Kathy, a great opportunity to influence the care of pediatrics in your area. Like they say the fact your on the call, you are interested.

01:06:42 Kristen Colsden: - Ensuring you are utilizing the most UTD best practice resources available. - Learning from others about what is working well in their departments - great opportunity to network with other and gather policy information so we aren't recreating the wheel

01:07:41 David Edwards: Do you happen to know when EMSC Managers will receive the names of those participating in this group for their state?

01:08:06 Meredith Rodriguez: @ David, I did send those out but will send them to you again. Thank you!

01:08:39 Suzanne Downing: Suzanne Downing, the ER Director at Tomah Health in Tomah, Wisconsin.

01:10:24 Jason's iPad: I have found the PECC work to be a slow process of moving the needle in the direction of better readiness, experience, and outcomes. Sometimes it is 2 steps forward and then 1 step back. Slowly but surely things work towards making things the best with persistence.

01:12:29 Jenn Rofrano: How have some of you, who are hospital system based EMS, get buy in from your immediate administration. Budgets are always the first hurdle for us, followed by our close proximity to a hospital no matter where we go. They always defer to the scoop and run, making it difficult to justify to admin the need for any type of extra training.

01:18:58 Kate Remick: Consider a needs assessment with your medical staff. What would they like to see? Clinical care pathways, resources, etc. Start with buy in - an easy win!

01:19:30 Heather Bidy: That's great thank you!

01:19:48 Jason's iPad: starting with the NPRP is a great way to start in an ED. It gives a checklist of what is needed and correlates scores to mortality numbers

01:19:54 Stephanie Ashford: We started with one project, then as it got enough momentum, we added on to it, and then added on to that, again and again, until we had a portfolio of ped initiatives that in combination lead to improved overall ped care.

01:21:48 Stephanie Ashford: once you get enough momentum, it becomes an almost generative process. The ped hospitals start wanting to be part of it.

01:21:57 Amy Eisenhauer - NYS DOH BEMS: When dealing with

leadership- I always discuss how it makes their job easier or saves money or builds social/ political capital in the community

01:22:20 Meredith Rodriguez: ED Checklist: <https://emscimprovement.center/domains/pediatric-readiness-project/readiness-toolkit/readiness-ED-checklist/>

01:22:53 Meredith Rodriguez: EMS Checklist: <https://emscimprovement.center/domains/prehospital-care/prehospital-pediatric-readiness/checklist-faq/>

01:23:23 Jenn Rofrano: Amy, thank you. I believe since I'm at Northwell, your my contact.

01:23:46 Nancy McGrath: <https://www.eventbrite.com/e/ca-ems-24th-annual-ems-for-children-educational-forum-nov-1-2021-0800-tickets-171447041717>

01:24:26 Amy Eisenhauer - NYS DOH BEMS: Hey Jenn, I am your contact! my email is amy.eisenhauer@health.ny.gov and our PECC site for EMS is www.nyspecc.org

01:24:34 robert.wilkins: I am a Paramedic in the field and wanted to know what we can do to improve our care for our little humans.

01:24:47 Jenn Rofrano: THANK YOU!!! I will be reaching out to you.

01:24:48 Heather Bidy: That is where I am at also! We are a Texas Level IV facility. We actually have 19-26% of patients pediatrics monthly.

01:25:05 Amy Eisenhauer - NYS DOH BEMS: Excellent! Looking forward to it :)

01:26:18 Rachael Alter: @Robert - you can use the EMS Agency Checklist and Toolkit to help your agency become pediatric ready: <https://emscimprovement.center/domains/prehospital-care/prehospital-pediatric-readiness/>

01:26:31 Heather Bidy: MANY Elements! I am seeing it with Stroke also.

01:26:59 robert.wilkins: Thank you for the pre hospital checklist.

01:27:01 Margo Knefelkamp: Dr. Remick-will you share those Texas requirements?

01:27:02 Heather Bidy: I think these are great changes though - just a lot of work for some

01:27:05 Michael Chaffee: Is there a pathway of information or resources available for our special needs and vulnerable populations that is recommended ?

01:29:21 agnes.gantz: Have to go, thanks for the information and support!

01:30:20 Erin Selby: That's amazing!

01:30:29 Meredith Rodriguez: This is centered around disaster preparedness for CYSHCN but has a lot of great resources: <https://emscimprovement.center/domains/preparedness/asprcoe/eglpcdr/cyshcn/>

01:30:31 Kate Remick: The Pediatric Readiness Criteria will include;

- 1)Participation in the Pediatric Readiness Survey, (www.pediatricreadiness.org)
- 2)Availability of appropriate equipment and resources
- 3)Education and training, and

4) Documented evidence of at least one pediatric simulated drill quarterly.

01:30:39 Rachael Alter: Some education resources for prehospital - related to special health care needs: <https://emscimprovement.center/domains/prehospital-care/prehospital-pediatric-readiness/pprp-toolkit/education-competencies/behavioral/>

01:31:18 Meredith Rodriguez: Cardinal Glennon STARS program: <https://www.ssmhealth.com/cardinal-glennon/resources/for-health-professionals/stars-for-special-needs-kids>

01:31:35 Michael Chaffee: Great thank you!

01:32:17 Amy Eisenhauer - NYS DOH BEMS: I believe Oregon is building a repository for children with special needs that could be accessed by EMS responding to the patient's home with their information and medical history. Rachel Ford is their state manager.

01:32:53 Meredith Rodriguez: OR HERO Kids: <https://www.ohsu.edu/occyshn/hero-kids-registry#:~:text=HERO%20Kids%20is%20a%20voluntary,the%20pre%2Dhospital%20information%20gap.>

01:33:32 Rachael Alter: Here's a presentation on the Oregon Hero Kids: <https://www.youtube.com/watch?v=0DfbCqxecNs>

01:34:15 Michael Chaffee: Yes great info. Anyone have anything focused on ASD?

01:35:18 Rachael Alter: Autism First Responder Training Video - Autism Society of Texas: <https://www.youtube.com/watch?v=TNBV66MLGXc>

01:35:32 Stephanie Ashford: <https://nationalautismassociation.org/big-red-safety-box/>

01:35:55 Michael Chaffee: Thank you. Yes family resources would be helpful to help them beyond a medics or traumatic event.

01:39:18 Kelly Burnett: I apologize, I have a conflict and have to jump off. Thank you all for the wonderful information!

01:39:21 Meredith Rodriguez: PEAK Suicide: <https://emscimprovement.center/education-and-resources/peak/pediatric-suicide-screening-mental-health/>

01:39:28 Meredith Rodriguez: Thank you Kelly!

01:39:31 Jamie.Heidrich: When we discuss collecting pediatric data, is there a recommendation on what data we should specifically be looking at (ED focused)? Is there a resource for metrics that we should be looking to meet? (I joined late, so apologize if I missed this already)

01:39:43 Kate Remick: I nice study out of Florida demonstrated that mental illness accounts for 6% of all pediatric EMS transports

01:40:01 Jenn Rofrano: We have a behavioral contract with our area schools up through the college level providing secure, safe and comfortable transport without the usage of police and we are able to bring them back to our pediatric behavioral ER.

01:41:42 Jamie.Heidrich: broadly

01:42:03 Stephanie Ashford: I would start with the NEMSQA measures

01:42:32 Rachael Alter: <https://www.nemsqa.org/completed-quality-measures/>

01:44:46 Jamie.Heidrich: very helpful, thank you!
01:47:33 Jamie.Heidrich: Thanks, Lisa
01:48:07 Lisa Hill: https://www.facs.org/-/media/files/quality-programs/trauma/ntdb/ntds/data-dictionaries/ntds_data_dictionary_2022.ashx
01:48:17 David Edwards: Much better
01:48:18 Jenn Rofrano: We altered our ACR platform to convert all weights in pounds over to kilograms.
01:53:52 Heather Bidy: This has been great thank you everyone
01:54:42 Jenn Rofrano: Thank you everyone.
01:55:06 Brent: Thank you!
01:55:18 Stephanie Ashford: Thanks everyone :)
01:56:46 Erin Patisteas: thank you!
01:56:54 Maria Perez Providence Little Co Torrance: thank you
01:56:55 Sandra Chavez: Thank you!
01:57:07 Althea: Thank you!
01:57:10 Erik Merrell: Thank you
