

Pediatric Preparedness for the Healthcare Professional

June 12th – 13th, 2024

**Where: Alabama Department of Public Health (ADPH) Training and Administrative Annex
208 Legends Court, Prattville, AL 36066**

**For: Medical response personnel, health care providers, and medical volunteers
CME, CNE and EMS CE available!**

This free 2-day, 15-hour course is a standardized, national-level pediatric disaster training focused on emergency management, public health, clinical preparedness, and resiliency and recovery. At the successful completion of the course, participants will recognize components necessary to developing a comprehensive community and facility plan designed to improve pediatric clinical and post disaster resilience.
